Changing

- Adults must not change, or shower, at the same time using the same facility as children – if the same changing room is used then they must have different times
- If adults and children need to share a changing facility, they must do so at different times to be advised by the captain.
- Mixed gender teams must have access to separate male and female changing rooms – see signage on doors
- Due to the risks of inappropriate photography or filming, mobile phones must not be used in changing rooms

If children are uncomfortable changing or showering at the club, no pressure should be placed on them to do so. It is suggested instead that they may change and shower at home.
