Transportation of children

Parents and Carers are responsible for the safe transportation of their child to and from training and matches.

Parents/carers must confirm that coaches/team managers are in attendance at the agreed venue when delivering their children. Do not leave children unattended and be prepared that changing weather conditions might require an alternative pick-up. Parents/Carers must report to the coach manager taking the attendance register to ensure they are aware their child has been dropped off and confirm the collection time as this may vary. If parents/carers are leaving the premises and returning they must ensure their child has the maturity and independence to be left in the environment without their presence.

It is not the responsibility of the coach or team manager to arrange transport. Coaches/team managers will be responsible when on club premises during agreed operating times or at opponent's cricket times at agreed times informed to you.

Parents/Carers are responsible for their children outside of the agreed operating times. If on the rare occasion parents are delayed, they must make every effort to inform the coaches.
